Committee to Restore

Carbondale City Hall

41 North Church Street
Carbondale, PA 18407.

December 19, 1981

Reverend Charles F. J. Starzer
FIRST PRESBYTERIAN CHURCH
76 Salem Avenue
Carbondale, PA 18407.

Dear Reverend Starzer:

Even though the bell in the tower of the Presbyterian Church was prevented, by modern technology, from ringing at 7:05 P.M. on December 17th, we all know that, had it been possible to do so, the bell in the Presbyterian tower would have rung at that time to celebrate the launching of the fund raising campaign to restore the tower clock, the outside walls, and the roof of Carbondale City Hall.

The Committee to Restore Carbondale City Hall is very encouraged that we will succeed in accomplishing our goals with reference to Carbondale City Hall. Enclosed, for your information, is a copy of the text that was read on the 17th at City Hall before and after the ringing of the tower bell at 7:00 P.M.

Sincerely yours,

S. Robert Powell
Committee to Restore Carbondale City Hall
